Yes, just got confirmation that the reporter has to move this until tomorrow morning. She can do

anytime in the morning – can you be available in the 10-11 time span? If you can, what time works best for you? The reporter said this would be very short, just a few minutes.

There is a possibility that the reporter will have to re-schedule for tomorrow...trying to work this out right now and will let you know ASAP. The only time Jared has tomorrow is between 10:00 and 11:00.

Thanks, Bill. It's an aspect of the issue of California's compliance with the safe drinking water act when it comes to oilfield UIC injection wells. Talking to Jared on it would be really helpful, and definitely something we need to seek comment on.

Best,

Ellen

Hi, Bill – I have a story coming up on California UIC wells that I need EPA comment on. Would it be possible to talk briefly to Jared for that on Tuesday afternoon?

Best,

Ellen
